The Blind Siberian

Press facts

Welcome, wanderer, to our page.

We are The Blind Siberian: Tamás Szász and Zoltán Rácz, a two-piece band from Hungary. Our style is primarily instrumental and can best be described as alternative, incorporating elements of post-rock, synthwave, industrial, dungeon synth, and metal.

Our music is built around the idea of a post-apocalyptic world, and its atmosphere is characterized by contemplation, longing, and loneliness.
